

Extenuating or Mitigating Circumstances Policy

For Higher Education Students

Contents

1.0	PURPOSE OF POLICY	4
2.0	SCOPE OF POLICY	4
3.0	PROCEDURE.....	6
4.0	ROLE OF EXAMINATION BOARDS	7
5.0	STUDENTS' RESPONSIBILITY.....	7
6.0	MITIGATING CIRCUMSTANCES PANELS	8

1.0 PURPOSE OF POLICY

1.0 The following policy is designed to ensure that the College is fair and consistent in its treatment of all students undertaking assessments on taught programmes. The College cannot make an academic judgement on the extent to which any extenuating/mitigating circumstances might have affected a student's performance nor excuse a student from the requirement to complete an assessment. If a student's extenuating/mitigating circumstances claim is accepted by the mitigating circumstances panel, the Examination Board may consider providing an additional opportunity to complete the assessment without increasing the record of assessment attempts or capping the mark achieved.

However, it is important to emphasise that this additional opportunity:

- may be up to one year later
- may require a different type of assessment
- may require the student to suspend their registration for a period of time or
- may require them to change their mode of attendance *e.g from full-time to part-time.*

2.0 SCOPE OF POLICY

2.1 This document is relevant to higher education students registered on Higher National Certificates and Diplomas, and other College HE courses not covered by awarding university regulations such as London Southbank University and Open University.

2.2 The College wishes to be fair to all its students and recognises that there may be significant factors which can have an adverse effect on students' performance in assessments. These may be dealt with in a number of different ways.

2.3 A claim for extenuating/mitigating circumstances in relation to an assessment or examination is NOT the same as a request for authorised extension for an assessment deadline. For the purposes of clarity the following guidance should be used to distinguish between mitigating circumstances and authorised extensions.

- A request for an authorised extension to a deadline would normally be submitted **before** an assessment deadline although there may be specific circumstances where the student may not be able to submit the claim in advance.
- In submitting a request for an authorised extension the student must be clear that they will be able to submit within the proposed extension period which is capped at 10 working days.
- The Programme Lead will communicate the decision authorising extensions and send a record to Quality
- If the student believes that they are unable to submit the work by the proposed amended deadline they should submit a mitigating circumstance claim.

The penalties for submitting assessments late **WITHOUT** an authorised extension for **Pearson HND qualifications** are listed below:

Up to 5 working days late	The work will be marked and the 'without penalty' grade recorded so that the student can see the grade they could have achieved if submitted on time. The actual grade will be capped at pass .
Over 5 working days late	The work will be marked and the 'without penalty' grade recorded as per above; that element of assessment will be awarded zero marks.
Late resubmission for a reassessment	The work be marked and the 'without penalty' recorded. That element of assessment will be awarded zero marks.

The penalties for submitting assessments late **WITHOUT** an authorised extension for other College HE courses not covered by awarding university regulations are listed below:

Where coursework is submitted late and there are no accepted extenuating circumstances it will be penalised in line with the following tariff:

Submission within 6 working days: a 10% reduction deducted from the overall marked score for each working day late, down to the 40% pass mark (for UG) and 50% pass Mark (PG awards) and no further.

Submission that is late by 7 or more working days: submission refused, mark of 0.

A working day is defined by Nescot as any calendar day, including Saturday and Sunday and submission after the deadline will be assumed to be the next working day.

Students who fail to submit work for assessments or attend examinations shall be deemed to have failed the assessments components concerned and will be marked as 0.

Note: Nescot has a 'extenuating/mitigating circumstances policy'. If there are circumstances that you have that mitigate the late submission, you should consult this policy for details. A decision can then be made as to whether any extenuating/mitigating circumstances are accepted. Should there be no claim for mitigation, or should an EC claim be rejected, penalties will remain in line with the above.

Further details of the policy and procedure for requesting authorised extension are contained in the Authorised Extension Policy (HE) on the College website.

Coverage of extenuating/mitigating circumstances for individual learners includes:

- sudden, serious and unforeseen illness
- acute phases of a continuing chronic circumstances that has been

- previously notified to the College in writing
- Bereavement related to a close family member or terminal illness related to the same

(Please see annex 1 for further coverage of policy inclusions)

Any factors referenced as a reason for extenuating/mitigating circumstances must be:

- relevant to an individual student
- likely to seriously impair the student's performance and
- taking place at the same time as an assessment event or before an assignment deadline

The following circumstances are NOT covered by this extenuating/mitigating circumstances policy:

On-going conditions or disabilities

Where students are admitted to a programme with declared disabilities or on-going medical conditions, the College will agree learning and assessment strategies to try to ensure that students are provided with reasonable additional support or facilities.

Where these arise after initial admission to a programme and they are likely to be of limited duration, students may be advised to suspend registration. Otherwise, the College will endeavour to provide support and guidance to enable students to complete their programmes of study.

Disruption to learning and assessment

Unfortunately, there can be significant extenuating/mitigating circumstances that affect groups of students such as disruption from building work or access problems with online platforms. These will be known to the staff who manage students' learning and assessment and will be dealt with in a common manner for all students to ensure fairness.

3.0 PROCEDURE

These procedures relate to a claim made by an individual student about their performance in a particular assessment on a taught programme of study.

3.1 Definitions

An **Assessment Event** is an event designed to assess if students have achieved the learning outcomes of a module. It can cover such things as examinations, tests, vivas, presentations, performances, practicals and any other event defined as an assessment by the College.

An **Assignment** is any type of work that has to be submitted by a set deadline for the purposes of assessment.

Deferral is when an assessment event is postponed to a later date or an assignment deadline is set beyond the normal extension period

A **Mitigating Circumstances Panel** is a formal College group of staff set up to consider claims made under these procedures.

3.2 Extenuating/Mitigating Circumstances Procedures for Assignments

Students who wish to request an extension to a submission date or that an assignment be deferred must submit the required evidence **before** the scheduled submission date.

Claims will not be accepted after this date unless there is evidence to show that the student was prevented from submitting their claim by the required date e.g the student was seriously ill in hospital. The decision to allow a deferred assignment may be delegated to an approved member of staff, but the decisions must then be recorded for the mitigating circumstances panel to note.

All applications for a deferred assessment must be in writing using the required form available from the Quality Office which is publicly available on the website. Supporting evidence must be provided. If the claim is accepted, the Programme Leader, in consultation with the Module Leader, will agree the deferred date for the assignment and notify the student. If the Mitigating Circumstances Panel rejects the claim, it will notify the Examination Board and the failure to submit will be recorded as a failed attempt with a mark of 0.

3.3 Extenuating/Mitigating Circumstances Procedures for an Assessment Event

Students who are unable to attend an examination or other assessment event because of extenuating/mitigating circumstances must provide the required evidence as soon as possible **before** the published deadline for the mitigating circumstances panel meeting. Claims will not be accepted after this date unless there is evidence to show that the student was prevented from submitting their claim by the required date e.g the student was seriously ill in hospital.

All applications for a deferred assessment event must be in writing using the required form available from the Quality Office which is publicly available on the website. Supporting evidence must be provided. If the claim is accepted, students will be informed of the date of the deferred assessment event. If the claim is rejected, the students' results will be recorded as a failed attempt with a mark of 0.

4.0 ROLE OF EXAMINATION BOARDS

Where the Examination Board agrees the recommendations of the mitigating circumstances panel to accept a student's claim, this is noted on the student's record. The marks achieved are not altered by the Board. Exceptionally, in the case of failure at the final award stage, the Board may decide that there is sufficient evidence that a threshold standard was reached and offer the student a further assessment attempt without penalty.

5.0 STUDENTS' RESPONSIBILITY

1 It is each student's personal responsibility to undertake the required assessments for their programme of study at the required time. Failure to take a required assessment will result in the assessment being regarded as an attempt with a recorded mark of 0 for non-submission **unless**:

- these procedures are followed **and**
- the evidence to support the claim of mitigating circumstances is accepted by the mitigating circumstances panel.

2 The College recognises that there are occasions when students are too ill or otherwise affected by mitigating circumstances to take an assessment. However, it needs to separate these legitimate claims from those made by students who take an assessment and feel that they may have performed badly and then submit retrospective claims to justify their disappointing results.

3 The College will **not*** accept claims of mitigation relating to an examination or other assessment event such as a presentation if the student was in attendance at the assessment event unless they are taken ill during the event. In this case, a claim must still be made by the student, but corroboration will be provided by the examination invigilator or the academic staff responsible for the assessment event.

4 The College will **not*** accept claims of mitigation once an assignment has been submitted by the agreed deadline (or agreed extended deadline). In these cases, the College assumes that students have judged themselves fit to undertake the assessment and so no concurrent or subsequent claim for mitigation relating to the assessment will be accepted.

**The College may waive these restrictions in the case of a student with a certified illness that would have meant that the student would have been unable to exercise their rational judgement necessary at the appropriate time to deem him or herself unfit to undertake assessments, where this is confirmed by a mental health advisor, or similar practitioner qualified to make this judgement.*

5 The College expects students to decide if they are too ill or otherwise affected by extenuating/mitigating circumstances to take an assessment. Students may seek advice from staff, but such advice should be limited to the procedures to be followed and the required evidence. It must place the onus clearly on the student to make the final decision. Staff should also avoid attempting to judge the likely outcome of a claim submitted under this procedure to a mitigating circumstances panel.

6 The Mitigating Circumstances Claim Form (Annex 2) must be used to make a formal claim for consideration of mitigating circumstances by the Examination Board.

6.0 MITIGATING CIRCUMSTANCES PANELS

Membership

The panel established to consider extenuating/mitigating circumstances claims will comprise a minimum of two members of staff, one of whom will be designated as Chair of the panel, and a clerk. Chairs of panels will be chosen from a group of staff designated for this purpose by the College and will be independent, *i.e* will not be directly associated with the student's learning and teaching such as the Academic Registrar, Directors and/or the Head of Quality.

Terms of reference

The functions of the mitigating circumstances panel are:

- i) to establish that the evidence is valid, *i.e* authentic and appropriate and that it relates to the assessment in question and that it has been submitted by the required date;
- ii) to review mitigating circumstances claims and evidence and make recommendations to the Examination Board whether or not individual claims should be accepted;
- iii) to make recommendations to HE CMG for improvements to the effectiveness and efficiency of the procedure.

Confidentiality

The Panel will ensure that students' confidentiality is always maintained.

Frequency of meetings

Mitigating Circumstances Panels will meet at least once each academic year, but ideally shortly after the submission of claims, which may mean at the end of each semester if submissions require.

Record keeping

The Quality Office will keep records for six years of decisions on all mitigating circumstances claims considered.

Evidence

The College cannot investigate every claim made under these procedures and it has to trust the honesty and integrity of its student body. However, it reserves the right to audit such claims and to treat any fraudulent or misleading submissions under the student disciplinary code. This may result in the termination of registration with no opportunity to complete the programme at the College.

Students are required to provide evidence to support claims from an independent third party. Students must authorise the College to seek verification of the evidence under the General Data Protection Regulations (GDPR).

Examples of evidence that is normally acceptable or not acceptable are provided as a guide for students and staff (Annex 1).

Late submission of evidence

Where the required evidence cannot be obtained by the deadline, students should submit the claim with a full explanation of the reasons for the lack of required evidence and an indication of when it might be available. If it is still not available when the claim is considered by the mitigating circumstances panel and no other independent corroboration is available, it will be rejected. If the evidence becomes available before the Examination Board makes a final decision, it may be taken into account then. If the evidence is submitted after the Examination Board, but before the deadline for submitting an Academic Appeal, it may still be accepted.

Medical evidence

The College normally expects absence through illness to be supported by independent corroboration from a GP, hospital or other medical practitioner. Where such evidence is submitted to support a claim for a deferred assessment event or assignment deadline, the College reserves the right to verify these claims.

Self-certification

Students are expected to plan their work so that they can complete these tasks even if they lose a day or two through illness or other disruption and so self-certification will not be accepted as evidence to support a claim for a deadline to be deferred.

Appeals

A student cannot appeal the decision of a mitigating circumstances panel on whether or not to accept a claim of extenuating/mitigating circumstances.

A student can use the procedures set out in the HE Academic Appeals Procedure to request a review of the decision of the Examination Board if there is evidence that the procedures for the mitigating circumstances panel and/or consideration of its recommendation to the Assessment Board were not followed. The student is recommended to discuss the matter with the Quality Office in the first instance.

Fee waivers

Fees associated with modules where claims for mitigating circumstances are agreed are usually waived.

GUIDELINES ON ACCEPTABLE/UNACCEPTABLE MITIGATION

Normally acceptable	Examples
1. Medical certification of illness or serious accident of the student	Illness, accident or severe trauma occurring at the time of an assessment. It should be an incapacitating illness, an unexpected deterioration in an ongoing illness or chronic medical condition. It can also be an assault where the student is the victim, breaks and serious sprains of the normal writing hand/arm. Retrospective certification is not acceptable. It is recognised that it can be difficult to get timely verification from hospitals, but you should submit your claim, pending confirmation.
2. Death certificate for recent (< month) death of someone close	"Close" can mean parents (and guardians), children and siblings, a spouse/partner and it may include friends, in-laws, grandparents and grandchildren if it can be illustrated by supplementary evidence that the relationship was very close.
3. Medical certification of the serious illness of a close relative	For a case of an unforeseen accident or serious deterioration.
4. Independent verification of serious personal disruption	Fire, burglary, requirement to appear in Court etc relevant to the date of the assessment event or the period leading up to it. Supporting third-party evidence must be provided. Travel problems are not normally accepted as students are expected to plan ahead.
5. Employer letter providing evidence of significant change of employment circumstances.	This will normally only be accepted for an extension to a submission date, not the deferral of the assignment or an examination event. NB: THIS IS NOT VALID FOR FULL TIME STUDENTS
6. Corroboration from a Dyslexia Advisor or Disability Advisor	If evidence of special needs is provided too late to be taken into account in the delivery or assessment of the module.
7. Religious Observance and scheduled examinations	To enable consideration, one or more of the following pieces of evidence should be submitted: <ul style="list-style-type: none"> • a letter from a religious leader explaining the nature of the obligation and the way in which it impacts on the student; • a personal statement by the student explaining the nature of the obligation and the way in which it impacts on their timetable supported by a published timetable of festivals or events showing the date, time and nature of the observance.

NOT normally acceptable	Examples
8. Alleged medical conditions without supporting evidence	Claims will not be accepted without appropriate medical evidence.
9. Social activities	Hectic social life, parties, visits by/to friends, sporting fixtures.
10. Temporary self-induced conditions	Hangovers, drug taking (unless possibly for a registered medical user influenced by the medical treatment involved) including prescribed medication for certain conditions where it is known that there may be adverse reactions <i>eg.</i> drowsiness.
11. Minor ailments and other conditions	Coughs, colds, sore throats, sprains (other than in the writing hand/arm). Long-standing medical conditions for which special arrangements could have been made or treatment anticipated and taken. Accidents/illness affecting relatives or friends unless serious or the student is the sole carer.
12. Examination stress	Examination stress or stress in practice placement will not, on its own, be considered as a mitigating circumstance. It is expected that individuals in higher education will develop the ability to deal with this and produce satisfactory work whilst meeting deadlines.
13. Domestic or personal disruptions which could have been anticipated or planned	Moving house, holidays, weddings or other events where the student either has control over the date or may choose not to participate. Change of job or "normal" job pressure (exceptional crises at work might be acceptable), failed travel arrangements, illness of pets, oversleeping, misreading examinations timetable or other assessment details, poor time management, taking the wrong examination.
14. Study-related	Computer difficulties, losing work not backed up on computer disk, lack of wi-fi access, deadline congestion, examination congestion, missing books, examination rescheduling, late distribution of materials by the department, delays in printing, photocopying and/or binding of assessed work.
15. Examination conditions	<p>Disruption in the examination room: poor lighting, ventilation or heating, excessive noise, illness or behaviour of other students, noise from invigilators.</p> <p>Normally such conditions will have been reported by the invigilators, who will pass reports on to the Quality Office.</p>

EXTENUATING/MITIGATING CIRCUMSTANCES CLAIM

This form must be used to make a formal claim for consideration of extenuating/mitigating circumstances by the Assessment Board. Please refer to the College's Academic Regulations: Extenuating and Mitigating Circumstances Policy, available the College website.

Please submit this form by the deadline to the Quality Office email (quality@nescot.ac.uk) with supporting evidence to include your personal statement and independent verification (e.g doctor's letter). If you submit by email you must retain proof that this has been successfully sent and keep a copy of this form and attachments.

Name		Email	
Course			
Level		Student Number	

Nature of extenuating/mitigating circumstances

Please provide as much detail as possible. Use an additional sheet if necessary.

Dates of difficulty / illness - From:

To:

Please indicate below the module(s) and assessment(s) covered by this claim. Any modules which do not appear on this form will not be considered. If you need guidance about module codes/titles please contact the Student Office. Please note the mitigating circumstances procedure only deals with assessments or examinations that you have not taken. It cannot be applied retrospectively or used to alter marks.

Module	Module Title	Assessment(s)	Deadline Date(s)

Evidence - what form of evidence are you submitting?

Please note your claim will be unsuccessful without some form of supporting evidence.

I hereby give permission for the information I have supplied to be submitted to the Mitigating Circumstances Panel and authorise the College to seek verification of supporting evidence under the Data Protection Act.

Signed:		Date:	
----------------	--	--------------	--

You will be notified of the final decision on your mitigating circumstances claim by the Quality Office.

The College reserves the right to audit claims and to treat any fraudulent or misleading submissions under procedures set out in the Regulations on Academic Misconduct.
