Due Diligence

1. PURPOSE

- 1.1. The purpose of this document is to define the College's policy in relation to the engagement and management of sub-contractors and sub-contracted provision. This document forms part of the College's strategic framework and sets out systems in place for the selection and management of sub-contractors and delivery partners in achieving high standards of teaching, learning and assessment. The purpose of engaging with sub-contractors is for the delivery of National Skills Fund (NSF) and Adult Education Budget (AEB) to enhance the College's curriculum offer. The funding will be allocated from ESFA non-devolved and the GLA devolved. Any contracts will be awarded following the Colleges procurement systems and processes.

2. SCOPE

- 2.1. This policy applies to all sub-contracted provision secured by the College.

3. RESPONSIBILITIES

- 3.1. The Director of Strategic Partnerships and Delivery is responsible for implementing and overseeing the operation of this policy – reporting into the Commercial Director.
- 3.2. The Executive Leadership Team (ELT) is responsible for authorising this policy.
- 3.3. The Corporation is informed of sub-contracting by the F&GP Sub-committee.
- 3.4. All staff in Employer Services and all sub-contractors are responsible for ensuring that they operate within the terms and conditions of the policy and to the associated work instructions.

4. RELATED DOCUMENTS

- a) Contract Management Operations Report (CMOR) - Appendix 1.
- b) Quality Assurance and Administration Fees - Appendix 2.
- c) Procurement Process - Appendix 3.
- d) Due Diligence - Appendix 4.
- e) Agreement for the Provision of Learning Programmes and associated annexes and schedules.

5. INTRODUCTION

- 5.1. The College recognises that sub-contracted provision can play an important role in providing a broad and flexible mix of provision for students, employers and the wider community. As such, the College will seek to engage suitable sub-contractors to enhance existing provision. The College may engage with

sub-contractors who can demonstrate a high level of quality delivery through KPIs, such as timely achievement rates and retention. Sub-contractors must be successful in the College's due diligence process, which includes taking references; review of audited accounts; and ensuring that the subcontractor is recorded on Education and Skills Funding Authority (ESFA) registers. The ESFA defines a sub-contractor as an organisation that is engaged in a contractual and legally binding contract with the prime provider to deliver provision in accordance with the guidelines published by the ESFA.

The ESFA has been clear that they wish to see a significant reduction in the overall volume of subcontracted delivery in the sector. To this end during the autumn 2020 term all providers were asked to produce a plan to reduce the amount of subcontracting in order to meet the 25% cap by the 2022 to 2023 funding year.

5.2. The decision to engage sub-contractors to deliver learning programmes on behalf of the College is a strategic decision and takes account of the following factors:

- The strategic aims and targets of the College.
- Local, regional and national needs of employers and students.
- The breadth and mix of provision required to meet employer and learner needs.
- The current and planned capacity of the College to deliver its strategic priorities and targets.
- The strategic fit of potential partners with the College's aims and targets.
- The quality of provision from sub-contractors.
- Past performance of sub-contractors.
- Cyber Essential accredited.
- The financial health of sub-contractors.
- References from other organisations who work or have been working with the Training Provider.
- The Training Provider is ESF compliant.
- Government and funding agency targets, priorities and regulations.
- Satisfactory completion of the due diligence process including CCJ checks and satisfactory annual financial audit

- Business plan to support the delivery of curriculum showing monthly profile of learner starts.
- The College will NOT subcontract with subcontractors who support extremism.
- The subcontractor embeds Colleges Safeguarding, PREVENT policies.

6. ENGAGING AND MANAGING SUB-CONTRACTORS

- 6.1. The College will run a rigorous and detailed application process for any new sub-contractors prior to engaging any sub-contractor through its due diligence.
- 6.2. Potential sub-contractors will be required to submit all evidence listed in the due diligence document.
- 6.3. The Director of Strategic Partnerships and Delivery and the Head of Finance will ensure that evidence submitted in due diligence meets the College's requirements.
- 6.4. The College will carry out formal lesson observations and learning walks including assessment where applicable.
- 6.5. The Director of Strategic Partnerships and Delivery will review requests from potential new sub-contractors via College procurement and, where appropriate, will recommend potential new sub-contractors to ELT.
- 6.6. Systems reviewed by the Head of Data Services to ensure robust systems are in place for effective contract management.
- 6.7. Potential sub-contractors may be required to deliver a presentation to the ELT and/or Deputy Principal focusing on quality of provision.
- 6.8. The sub-contractors are informed of the 'Sub-Contracting Supply Chain, Fees and Charging Policy' during the negotiating stage and that this policy is published on the College website.
- 6.9. Once the sub-contractor has been approved by ELT, the list of new and existing sub-contractors will be submitted to the Governors at F&GP and then at a Corporation meeting along with the standardised contract for their approval.
- 6.10. The College will carry out regular detailed Performance and Quality Reviews on all sub-contracted provision. Sub-contractors will be expected to meet agreed learner profiles and quality targets.
- 6.11. The sub-contractor is paid monthly based on the validation of the PFR. The sub-contractors are invited to invoice. The invoice will be paid within 30 days from the receipt of the invoice.

- 6.12. The sub-contractor will be required to attend monthly Contract Management Operations Meetings (CMOM) to review learner profile, students at risk, success data and finance.
- 6.13. Where sub-contractors do not meet these targets, the College will take action to ensure immediate improvement or to withdraw part or all of the agreed contract value and notify the ESFA and the GLA.
- 6.14. The sub-contractors will be required to carry out annual employer surveys in accordance with College guidelines.
- 6.15. The engaging and managing of sub-contractors will be carried out by the Employer Services department of the College.
- 6.16. The College will publish details on the College website as required by the ESFA guidelines.

7. MONITORING AND REVIEW OF SUB-CONTRACTED PROVISION

- 7.1. The Commissioning and Contracting team in Employer Services will perform ongoing monitoring and management of sub-contracted provision. This activity will include monitoring the sub-contracted provision against agreed profiles for learner numbers and contract values. It will also involve monitoring the quality of sub-contracted provision and the learner experience of those students on sub-contracted programmes. A member of the Quality team / Director for Strategic Partnership and Delivery will conduct termly unannounced visits to undertake a quality review which will include checking of learner work; ILPs, observe; and ensure all activity is within contract.
- 7.2. The Commissioning and Contracting team will notify the Director of Strategic Partnerships and Delivery of any issues with performance and quality of sub-contracted provision. Actions will be agreed to deal with any issues in provision.
- 7.3. Funding allocated to sub-contracted provision will be regularly monitored in-year and allocation may be moved between sub-contractors and curriculum areas in year where performance is below target or where there are changes in funding circumstances.
- 7.4. ELT will review sub-contracted provision and the strategic drivers for sub-contracted provision on a regular basis.
- 7.5. The Commissioning and Contracting team will carry out as a minimum one scheduled visit per term and an unannounced monitoring visit.

8. COMMISSIONING AND CONTRACTING TEAM

- 8.1. The Commissioning and Contracting Team will consist of:

Commercial Director
Deputy Principal (Curriculum and Quality)
Chief Financial Officer
Director for Strategic Partnerships and Delivery
Head of Quality
Head of Finance
Head of Data Services
Head of Procurement & Contract Management

- 8.2 The Commissioning approach undertaken by the College will be informed by the needs of the College, the value of any Contract being awarded and the requirements of the Public Contract Regulations 2015 and other UK and EU laws and related directives.

Below the Official Journal of the European Union, OJEU, Procurements

- 8.3 Procurements above £24,999 but below OJEU levels: by invitation to at least three organisations usually drawn from our Preferred Suppliers List which is refreshed annually and by Open competition.

Official Journal of the European Union, OJEU, Procurements:

- 8.4 Generally, by open invitation or by restricted procedure where there are potentially a very large number of bidders in the market (this will be confirmed through market engagement) or there is otherwise a genuine need to pre-qualify suppliers who have responded to a Prior Contract Notice (PCN).

In Both Situations:

- 8.5 Where circumstances justify this, via the use of an appropriate framework agreement.
- 8.6 All spend above £25,000 will be reported on Contract Finder, as will any Advert or Contract Award Notice as appropriate and above this threshold.

Further details of the Official Journal of the European Union, OJEU, can be found on the following website: <https://www.ojeu.eu/whatistheojeu.aspx>

9. RISK MANAGEMENT

- 9.1. When the College enters into a contract to deliver with a sub-contractor, it needs to minimise risk and have in place approved processes to mitigate the risk.
- 9.2. The College has developed practices and procedures to screen out unqualified subcontractors, monitor subcontractor performance, and protect against subcontractor failure. Some of the common practices used by NESCOL with reference to ESFA are:
 - I. All subcontractors totalling £100k and above must be listed on the ESFA Register of Training Organisations and Register of Training Apprenticeship Provider, RoTAP. New revised ESFA/GLA guidelines may override this clause.
 - II. All subcontractors must be registered with the UK Register of Learning Providers (UKRLP) and hold a valid UKPRN number.
 - III. Successful completion of due diligence process and evidence submitted in the folder signed off by two members of ELT (including the Chief Financial Officer).
 - IV. Any subcontractor failing to meet any part of the due diligence process will not be considered until such evidence is supplied and approved.
 - V. On successful completion of due diligence, NESCOL will carry out the following:
 - a. On site teaching and learning lesson observation
 - b. On site Assessment observation
 - c. On site health and safety checks
 - d. Potential student views about the subcontractor
 - e. Safeguarding and PREVENT checks
 - f. On site Designated Safeguarding Leads clearly identified
 - VI. The College will only award a contract once the due diligence process has been satisfactorily completed and have also delivered a satisfactory presentation to ELT.
 - VII. The College will not award a contract to a subcontractor if:
 - a. It has an above average risk warning from a credit agency.
 - b. It has passed a resolution (or the court has made an order) to wind up or liquidate the company, or administrators have been appointed.
 - c. Its statutory accounts are overdue.

10. NESCOL QUALITY ASSURANCE AND ADMINISTRATION FEES MATRIX

- i. Management fees vary from 10 to 30%
- ii. The table below, and Table 1 in Appendix 3, show the scoring required for the setting of the College's quality assurance and administration fees.

11. SUPPLY CHAIN FEES AND CHARGING RATES

The breakdown of the charging rates are explained in detail in Appendix 2. Please contact the Director for Strategic Partnerships and Delivery with any queries.

- i. The charges will be calculated each year.
- ii. The charges cover all processes from course set-up; enrolment; CIS reports; linked Quality OTL; internal audits; monthly CMOM meeting; and training and other related support to ensure the contract is delivered according the agreed KPIs.
- iii. Sub- contractors working with NESOT prior to the commencement of this policy will have their management fees reviewed by ELT.
- iv. Charges will be made in alignment with total weighted scores from the due diligence process:

Total Weighted Score	Quality Assurance and Administration Fees Charged
100-175	10-15%
176-522	15-20%
523-875	20-25%
876-1280	25-30%

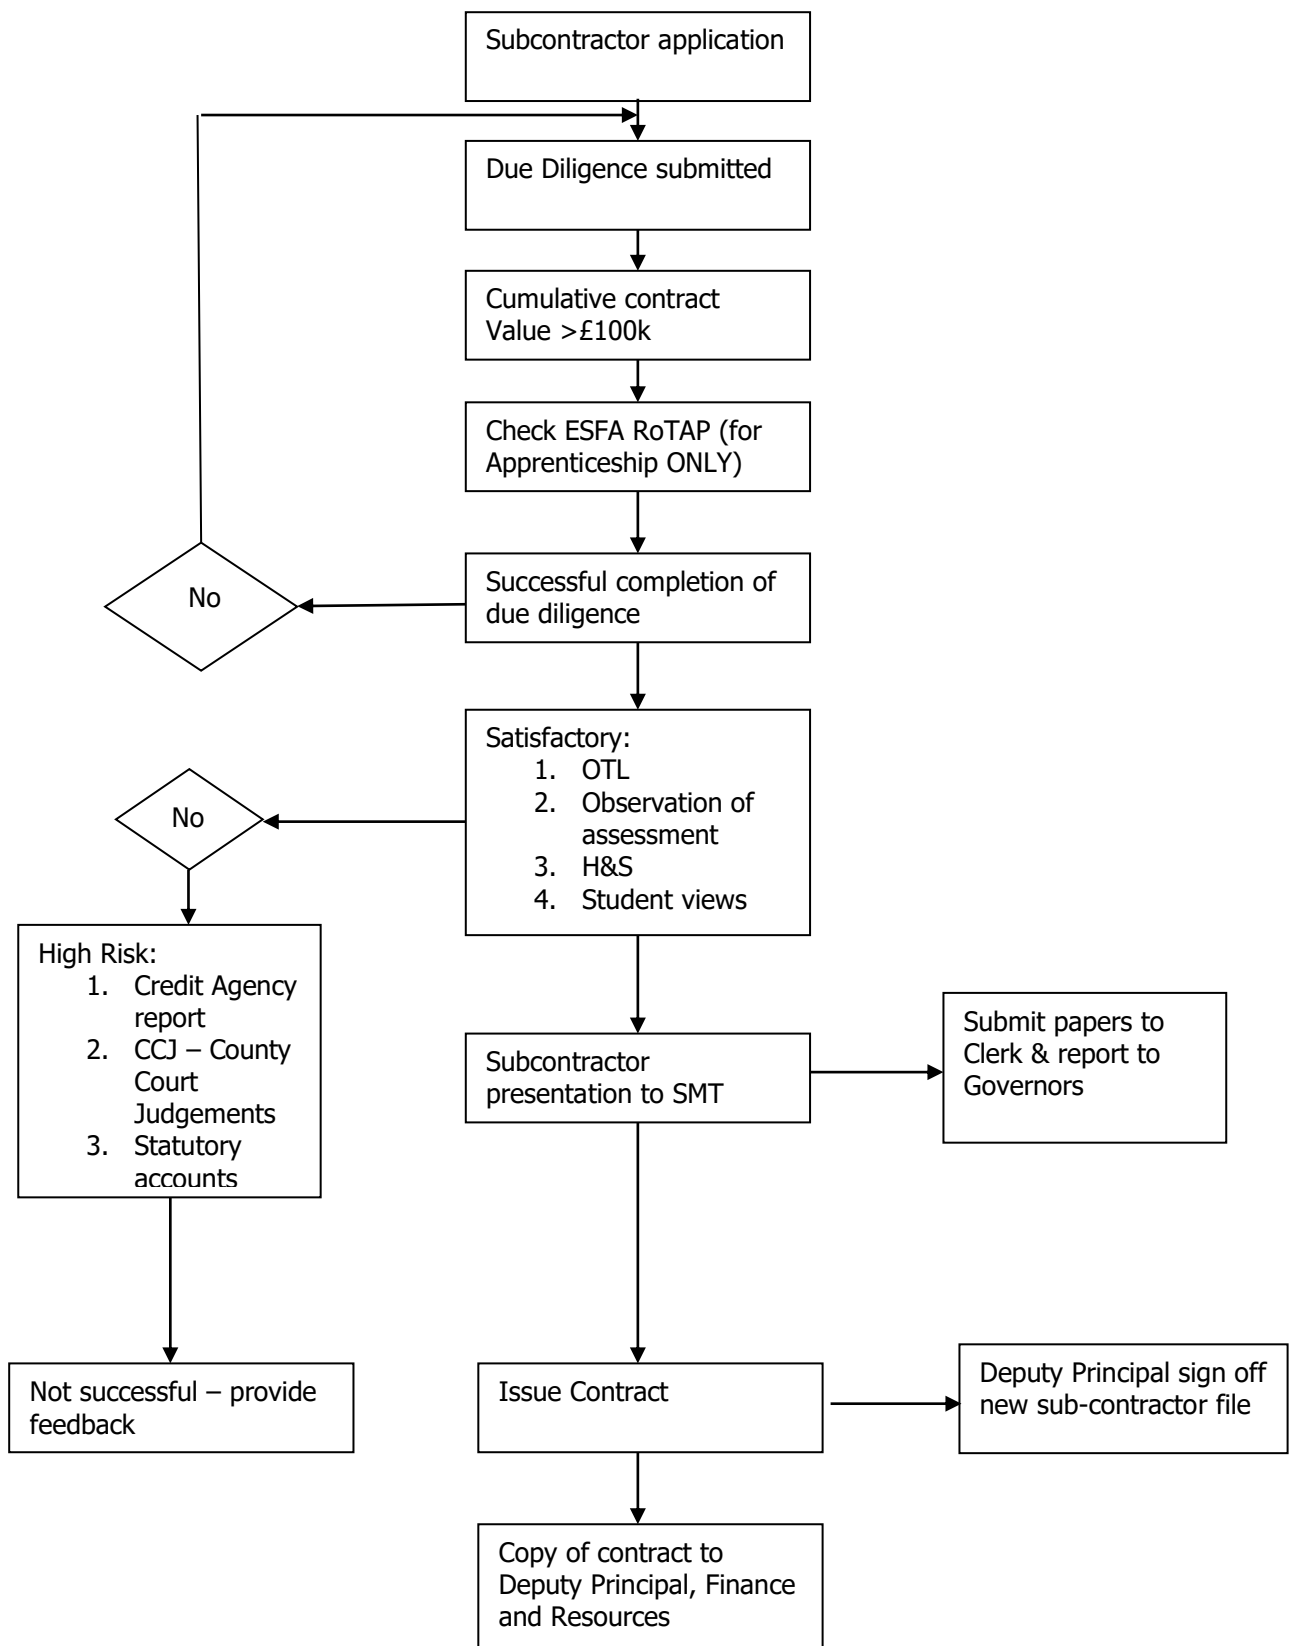

12. CONTINGENCY PLANNING

If a sub-contractor is unable to fulfil the terms of the contract as a result of the following:

- i. Under performance
- ii. Malpractice
- iii. Liquidation
- iv. Poor quality

the College will terminate the agreement and notify the ESFA. The College will contact all learners, staff and Awarding Bodies so that the learners can continue their learning without too many disruptions.

Appendix 2 – Quality Assurance and Administration Fees

Extract from NESLOT subcontractor contract: All subcontractors are required to read the subcontracting rules using the link provided in this contract to ensure you fully understand the rules and regulations, including compliance especially with the quality and administration fees. Your fees were negotiated at x%, details for which can be found in your approved Business Case.

Extracts from ESFA Subcontracting Funding Rules

Apprenticeships:

P189 If you and an employer agree the use of delivery subcontractors, you must have an up-to-date written agreement in place with each employer that sets out the following for the delivery of their apprenticeship programme:

P189.1 The apprenticeship training and / or on-programme assessment that you will directly deliver;

P189.2 The amount of funding you will retain for your direct delivery;

P189.3 The apprenticeship training and / or on-programme assessment that each delivery subcontractor will contribute to the employer's apprenticeship programme;

P189.4 The amount of funding you will pay each delivery subcontractor for their contribution;

P189.5 The specific amount of funding you will retain to manage and monitor each delivery subcontractor;

P189.6 The specific amount of funding you will retain for each other support activity you will provide to each delivery subcontractor;

P189.7 The specific amount of funding you will retain for the monitoring you will undertake to ensure the quality of the apprentice training and / or onprogramme assessment you have contracted each delivery subcontractor to carry out;

P189.8 A detailed description of how the funding retained for each activity detailed in P189.5 to P189.7 contributes to delivering high quality training and how the funding retained is reasonable and proportionate to delivery of the apprenticeship training described in P189.3; and

P189.9 Any actual or perceived conflict of interest between you and any delivery subcontractors. For example, where you and a delivery subcontractor are part of the same group, share common directors or senior personnel, or where you will benefit financially from using a particular delivery subcontractor.

Adult Education Budget and Community Learning:

- The subcontracting policy and supply chain can be found on the Nescot website www.nescot.ac.uk
- The reason of subcontracting is available on request from the Director for Strategic Partnerships and Delivery and will be included in the Business Case.

Summary:

NESCOT typically charges a subcontractor fees for quality assurance and administration of between 10% to 25% dependant on the outcome of the subcontract expression of interest, due diligence, Ofsted reports, Awarding Body reports, audited accounts, and a range of other factors including track record and learner volumes. Exceptionally, NESCOT may have to provide more support and thereby incur additional costs for the management of this Agreement and/or the placements associated with it and in these circumstances the Fee may be higher but never more than a maximum ceiling of 30%. The quality assurance and administration fees are deducted from the ESFA funding income received for each element of the subcontract provision.

The Funding Rates are derived from the ESFA Funding Bands for the relevant occupation sectors, Framework or Standards and through negotiation with the employer.

NESCOT provides a designated point of contact, for example, Director for Strategic Partnerships and Delivery, to each of its subcontractors **(8% of the value of MVC)**, responsible for:

- The administration and processing of all subcontract documents.
- Due diligence and Business Case.
- Leadership and management of the contract.
- CPD throughout the contract for both subcontractors and employers.
- Remote on-line service for support through Skype and emails.
- Collaboration of the self-assessment report (SAR) and Quality Improvement Plan (QIP).

NESCOT provides a designated administrative support and point of contact for each subcontractor **(5% of the value of the MCV)**, responsible for:

- Monthly Contract Management Operations Meetings (CMOM)
- Quality Assurance Systems including Observations, Learning Walks
- Advice on Funding Rules
- Provide occupancy reports
- Provide RAG rating for each learner
- Checking and review of forms and other documents associated with the confirmation and eligibility to study and enrolment of learners

- Review of initial assessment processes to ensure they are robust
- Review of Individual Learning Plans (ILPs) and learner progress
- Checking of registers and attendance
- Checking of Personal Learner Records (PLR) for prior learning
- Liaise with Examinations for the Gateway and End Point Assessments (EPA) for those learners sitting the EPA
- Draw up support timetables by liaising with learner, employer and the subcontractor
- On-going administrative support relevant to the contract throughout learners journey
- Manage with the employer and subcontracting Break In Learning (BIL)
- Home Office checks for all non UK residents

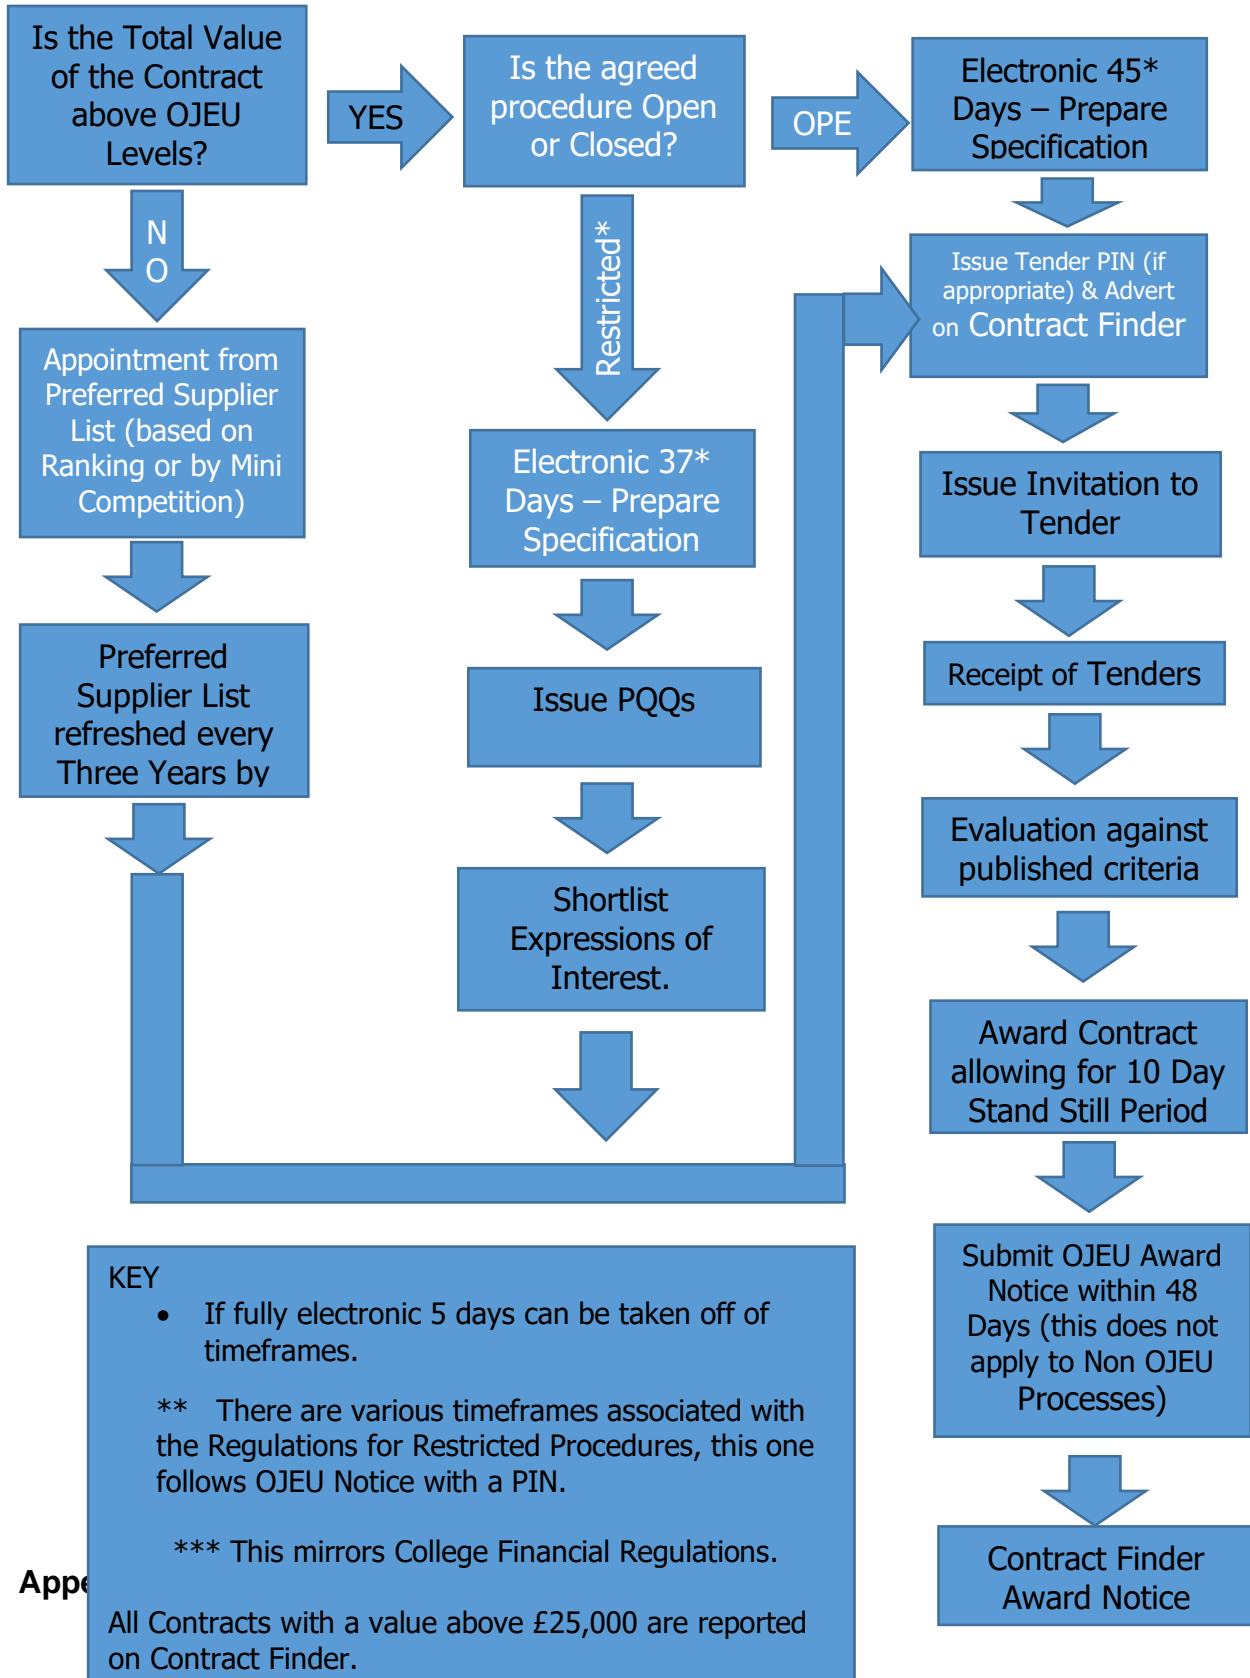

NESCOT will issue and analyse subcontractors performance against their contract and produce Variations of Contract – focus on achievement, Maximum Contract Value (MCV) **(7% of the value of the MCV)**, as follows:

- Conduct regular monthly CMOM meetings and share minutes of meetings.
- Give access to learners and employers on-line training including PREVENT, Safeguarding, equality and diversity, e-Safety and other Distance Learning courses.
- Provide Quality Training including Ofsted Inspection, writing of SAR and QiP.
- Provide monthly financial reports (PFR) to inform invoicing.
- Conduct ongoing data self-assessment (DSAT) checks.
- Carryout double funding concerns by triangulation of learner data with other primes.
- Identify and support areas of improvement.
- Help curriculum planning and profiling.
- Detailed internal audits.
- Support subcontractors on Awarding Body sanctions.
- MATRIX accreditation advice and guidance.
- Audit compliance against ROTO and RoAPT.

Subcontractors and Employers are advised to read and familiarise themselves with the ESFA Subcontracting guidelines on the Government website: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1078476/Funding_Rules_Main_Providers_20212022_Version_3.pdf

Reason for using this Partner	✓
To widen access opportunity and participation by offering provision which complements the current range of programmes offered by the College	
To remove barriers to participation especially in under represented or non-participating groups	
To enhance the quality of the College's provision	
To remove duplication of provision	
To deliver training to key target groups	
To improve cost effectiveness of provision	
Other - attach as Appendix 1	
Has UK and EU Procurement Legislation been adhered to

Safeguarding Policy				
Prevent Policy: The Strategy MUST have 5 key Objectives: 1. To promote and reinforce shared values; 2. To break down segregations amongst different students; 3. To ensure student safety and the College is free from bullying; 4. To provide support for students; 5. To ensure both students and staff are aware of their roles and responsibilities in preventing violent extremism.				
e-Safety Policy: This policy MUST include: exposure to age-inappropriate material, exposure to in-accurate and misleading information, exposure to socially unacceptable material, exposure to illegal material and illegal downloading of copyrighted material; it must also include Grooming and Bullying details and finally exposure to: minors to inappropriate commercial advertising; on-line gambling and commercial and financial scams.				
Recruitment Policy				
ESF Match Funding		Accepted	Copy in File	Initials
Are you displaying ESF plaque prominently on each of your main premises? Please provide a list of these premises detailing the postal address and location of the plaque, retaining photographic evidence of display. If no, what are the reasons why the plaque is no longer on display?				
Is the current ESF logo displayed prominently on your website? Please supply links to the relevant website pages				
Have you displayed the current ESF logo on your learner enrolment documentation and training materials? Please supply copies of your current enrolment/learner file documents plus also those used for the previous 2 years.				
Do you inform learners during induction that they are on a Agency funded programme that could be used as match and is therefore deemed part-funded by the ESF? Please provide evidence of the current documentation to support this for the current year plus also the last 2 years.				
Do you have a document retention policy that ensures that all documents necessary to verify ESF Co-financed provision are retained in line with contractual requirements (currently until 2022)? Please supply a copy of your policy also confirming if you collect centrally documents to be retained from your subcontractors. Please confirm if your archiving is held internally or via an external company?				
Do you have an equal opportunities policy and action plan in place? Please supply the current version(s).				

Do you have a policy in place for sustainable development (including an environmental implementation plan)? Please supply the current version(s).
