

Student Disciplinary Policy

Nescot is a learning community. The disciplinary policy is to keep all members of the college community safe and to make sure it is a place where all students can learn and staff can work without disruption caused by poor behaviour. 1 The purpose of the policy and how it works

1.1 The purpose of this policy is to help you, as a student, to keep safe and to do well at college. It sets out what will happen if your behaviour, attitude and / or attendance falls below expected standards.

There are 5 really important things you need to do at all times, these are to:

- display my ID Badge, whenever safe and possible (or present it when requested by any staff)
- respect myself and others;
- respect the environment;
- behave responsibly;
- strive for success.

1.2 The policy ensures that all students are treated the same.

1.3 The policy ensures that things are done on time.

1.4 The policy ensures that rules about attendance and behaviour apply to all students, including full time, part-time, young people, adults, apprentices and so on.

1.5 The policy ensures that everyone knows what they need to do and what happens when the Code of Conduct is broken, and/or when major or gross misconduct occurs by a student.

1.6 Although this Policy applies to students enrolled on Higher Education (HE) it is applied in agreement with our validating HE Institution partners should this be relevant (excepting Open University programmes where the College policy and process applies.)

2 Scope (what's in the policy)

2.1 The Disciplinary Policy reflects and supports the:

- the Student Code of Conduct;
- the Mission of the College
- the College policy on progression (to your next course or next year of your course) and performance where there are concerns about student performance in the classroom;
- Policies and procedures on student welfare, including safeguarding, disability and mental health, and substance misuse;
- The rules of natural justice (the rule against bias and the right to a fair hearing);

- The principles of restorative practice, which seeks to repair and improve relations between involved parties, for example, where two or more students have disagreements with each other;
- Academic misconduct procedures

3 How the policy works

3.1 The policy takes into account:

- current legislation;
- the role of your parents / carers and if you are an apprentice (if you are a young person or a high needs student), your employer if you are an apprentice;

3.2 The College has an obligation to ensure that if the disciplinary policy is applied to you get a fair hearing. You will be given a copy of the Code of Conduct on joining the College and will be told about it as part of your induction.

3.3 The College will decide if a matter is referred to the Police, unless we are required to do this automatically by law.

4 Who is responsible for student discipline at Nescot

4.1 All staff in the College have a responsibility to maintain discipline in all areas of the College. If you behave in a manner that could lead to a breach of the Code of Conduct you will be warned and that disciplinary action could follow. If, however, you behave poorly in a way that is very serious i.e. gross misconduct you will be suspended immediately whilst the matter is investigated ahead of a panel hearing to see if you are allowed to stay at college.

4.3 You are required to confirm you have read and understood the Code of Conduct during induction.

A copy is available on Google Classroom

5 Breaches of Discipline

5.1 There are two elements to the disciplinary process, these are:

- low level disruption;
- formal performance and behaviour management.

6 There are 3 main stages

6.1 During **the first six-weeks of the academic year** we will operate an altered disciplinary process, to ensure that students and their parents/guardians are involved quickly in discussing any concerns we might have and agreeing reasonable expectations going forward. These steps might include:

- A careers interview to determine if their current course is suitable, suggest alternatives or arrange to try another subject
- Specialist support from our wellbeing team
- Specialist support from our learning support area.

However, if during the first six-weeks there is a concern about attendance, behaviour or attitude the two-step process below will be initiated.

Step 1

Head of Department meets with student, parent/guardians and other stakeholders to discuss the concern.

A detailed action plan is created to address the concern(s), setting targets for improvement and a review date set.

At the review date if the desired targets are achieved the process ends.

Should the targets not be reached then step 2 is enacted.

The Head of Department informs the student and their parent/ guardian of this.

Step 2

Director of Faculty chairs a formal review meeting with the student, parent/guardian and other stakeholders.

The Director of Faculty reviews progress against the step 1 action plan, then a decision is made as to whether the course / college is the best choice for the student at this present time.

There are two possible outcomes:

- Final written warning with conditions
- Removal of place from college

It should be noted that there is no process to appeal the outcome of this decision during the first six weeks.

However, be aware that in the event of an act of gross misconduct being alleged the College can suspend you immediately and go straight to stage 3 gross misconduct panel hearing.

6.1.1 After the first six weeks the following process will be followed

Stage 1

Your Personal Development Coach / Tutor will monitor low level disruption.

Following 3 low disruption notifications a stage one supportive tutorial meeting will take place with actions set for improvement.

6.1.2 **Stage 2**

Following a further breach or if there is a serious behaviour or performance issue a stage 2 formal meeting will take place with the Head of Department or Director of Faculty, this will also include parents / carers.

6.1.3 **Stage 3**

Following a further breach **or if a student commits gross misconduct a stage 3 gross misconduct panel hearing will be convened.** There are 3 outcomes from this panel:

- case not proven;

or
- exclusion from the College;

or
- return to College with Final Written Warning and action plan to improve of up to one month, if the student breaks this then he / she will be permanently excluded from the College.

6.1.4 If you are excluded from the College you will not be permitted to return for a minimum of 12 months.

9 Support for you

9.1 You are entitled to be accompanied to a Disciplinary Hearing by a parent / guardian, a relative or social worker but not by a person active in legal or other professional work, unless the College otherwise agrees.
