2. OVERVIEW

This document constitutes NESCOL's overall terms and conditions for higher education students. It now combines the HE Fees and Refund policy and the Student Withdrawal and Interruption of Studies procedure (May 2018) to provide a single document that is accessible for students.

Section A describes matters relating to the obligations of students and the College in relation to registration, the offer of a place to study at the College, tuition fees, the conduct of students, students' professional status and the standards, academic misconduct, withdrawal and interruption of study, health and safety, equality and diversity, fraud, data protection, freedom of information and other matters.

Section B sets-out the provisions designed to ensure that students' consumer rights are protected. It also describes the information that students shall expect to receive in order that they can make informed decisions about their choice of study.

Section C describes the College policies in respect of HE fees including refunds and compensation, where applicable.

Section D describes the College's policies and procedures in relation to the withdrawal of students and interruption of study.

3. SECTION A: TERMS AND CONDITIONS

4. STUDENT'S DECLARATION

All students are required to read the statements listed below and complete the declaration at registration to confirm that they have read, understood and agree with the North East Surrey College of Technology ('the college') to abide by the undertakings, terms and conditions contained in this document. Definitions of the terms in italics are contained in Appendix A.

If you object to completing the Student Declaration because of one of the conditions set below, please make your objection in writing to the Academic Registrar, North East Surrey College of Technology, Reigate Road, Ewell, Surrey KT17 3DS.

5. REGISTRATION

I shall retain details of completing the college's registration process, and where applicable the registration process of my *programme of study's validating Higher Education Institution*, for the whole of the *academic session* and note that the identification number shown is my unique College student ID number which will be quoted on all college documents. I understand that I am required to register in each academic year that my *programme of study* runs and that my registration should be completed within two weeks of the start of my *programme of study*. I further understand that the college is entitled to terminate my registration if I fail to complete the process in full, which includes tuition fee payment; Disclosure and Barring Service (previously known as Criminal Records Bureau) and medical health clearance where required; verifying my identity and previously attained qualification documents.

I understand that if I have accepted an 'Offer of Place' at the college and I subsequently wish to change the conditions of this offer, for example change the *programme of study, mode of study*, or

my tuition fee status, the college reserves the right to refuse such a request.

I shall at the scheduled place and time, produce my passport (or other identification documentation) and original education qualifications and register for my *college student ID card* which will include my photograph.

If I am supported by Student Finance England, its regional equivalent, or another *approved sponsor* I shall provide full details and verification at registration. If I am not so supported, I understand that I am responsible for the payment of my own *fees*, which I shall pay either annually at registration or in instalments during the *academic session* as described in the statement [Fees for Higher Education Courses](#) (available on the college website). Arrangements for the refund of fees are described later in this document.

6. TUITION FEES PAYABLE

I have checked and agree with the amount set out as due within the college's registration process, which I confirm reflects the *fees* due for the number of *modules/credits* I am studying and any other registration fees associated with my *programme of study*. I understand that the college reserves the right to charge for any additional *modules/credits* and/or to amend fee charges where these have been incorrectly applied. I understand that should I make accepted alterations to my *programme of study* or my *mode of study* this may affect the rate of tuition *fees* that I am charged which will be payable to the college.

I understand that should I need to repeat *modules* that are subject to the academic decisions made about my study, I may be required to pay repeat tuition *fees*.

Fees will be charged for the *Accreditation or Recognition of Prior Learning (APL/RPL)*. Further information on APL/RPL is available from the Quality Office.

I understand that monies not paid by an employer/sponsor remain the liability of the student.

7. CHANGE IN PERSONAL DATA

I understand that the information given during the college's registration process and where applicable the registration process of my *programme of study's validating Higher Education Institution* will be used in many areas of my college experience, including details that will appear on my award certificate.

I agree that I will update my address and any other details I have provided during the registration process as and when they change via *ProMonitor*. If I am unable to do this then I shall inform the *Advice and Guidance Centre*.

I understand that a change of name must be supported by documentary evidence e.g. marriage certificate, deed poll.

I understand that the college will not be liable for any out of date information or incorrect information that I have provided and that I will be responsible for any consequences (such as the cost of re-issuing documents or certificates, if the college is able to do so) of not keeping my information correct and up to date.

8. FULL-TIME STUDENTS

I understand that *full-time Students* are expected to take 120 *credits* within an *academic session*.

I understand that if I take more than the prescribed *modules*, only those *modules* included in my *programme of study* will be used for formal assessment and progression purposes and contribute to my *final award*.

I understand and accept that *fees* in respect of any *modules/credits* which are additional to the *programme of study* agreed between myself and the *programme leader* for a *named award* will be funded by me and payable to the college. Details of the modules required to complete any individual course and the grading scheme can be found in the *programme specification*.

I understand that I am required to keep my *programme leader* informed if I undertake additional studies or work that may impact on my ability to study.

9. PART-TIME STUDENTS

I understand that the *fees* charged are based on the number of *credits* a *part-time student* studies in the *academic session*.

10. CONDUCT

I agree to comply at all times with such college and *validating Higher Education Institution* rules, regulations and policies, procedures and codes of practice as are in force from time to time including, but not limited to, those concerning conduct, attendance, academic attainment, cheating and plagiarism, discipline, equal opportunities, harassment and bullying, health and safety, fee payment and payment of debt.

I agree to abide by decisions resulting from any disciplinary process under the college's and *validating Higher Education Institution's* regulations and agree, subject to any appeal under the appropriate *appeal regulations*, to comply with any fine, suspension, expulsion or other restriction or sanction resulting from any disciplinary action under those regulations and procedures. The College's [Student Disciplinary Regulations and Procedures](#) are available on the college website.

I understand that the college's rules, regulations and policies, as are in force from time to time, are available on the college's website under the tab "About us". I agree to familiarise myself with and comply with such rules, regulations and policies at all times. Copies in other formats are also available upon request from the Quality Office.

11. PROFESSIONAL STATUS & OTHER REQUIREMENTS

I am aware that it is the college's policy not to check if students have criminal convictions, with the exception of students studying qualifications, attending placements, or carrying out voluntary work which brings them in to contact with children and/or vulnerable adults, or as required by law or a professional body. Examples are students on teacher training, osteopathy, psychodynamic counselling and sports therapy *programmes*. Such students must receive clearance from the Disclosure and Barring Service (DBS) before being able to proceed with relevant areas of study.

I agree to provide all such information as is necessary for the college to process a request for

clearance from the DBS, as and when required. If any of my circumstances change that are relevant to such clearance from the DBS I will inform my department immediately and understand that such checks may need to be repeated.

I understand that if I do not receive such clearance, or my clearance is revoked on any subsequent check, my student status at the college and my registration on my *programme of study* may be terminated. I also note that in such circumstances I will be charged for the tuition I have received as per the [HE Fees Refund Policy](#) of the College (available on the college website).

I understand that if I wish to use the qualification for which I am studying to obtain professional status then it is my responsibility to ensure that I meet the requirements of the professional body including those relating to criminal records. I also note that should my circumstances change, I must notify my department.

I further understand that if at any point during my studies I fail to meet the requirements of the professional body it may result in my student status at the college and my registration on my *programme of study* being terminated. I also note that in such circumstances I will be charged for the tuition I have received as per the HE Fees Refund Policy of the College (available on the college website).

I understand that for entry to specific Teacher Training, Osteopathy and Counselling Professional Status there is a requirement to be physically and mentally fit to enter the profession, and that it is my responsibility to ensure that I meet the requirements set by the applicable profession.

12. FRAUD

I understand that if the college has reason to believe that I, or any person acting on my behalf, has provided false information, omitted relevant information, made any misrepresentation and/or provided counterfeit or forged documents relating to my place at the college, including but not limited to those in respect of an application for a place at the college, tuition fees assessment, Fees Assistance Award, college bursary or other such funds administered by the college or a Student Support provider, the college will take whatever steps it considers necessary to establish the authenticity of that information and/or documentation which I have submitted in support of my application and on-going relationship with the college. Students' attention is drawn to the [college's Student Disciplinary Process and Procedures Guide](#), available on the college website.

I accept that if the college suspects that fraud may have taken place it is entitled to share information with appropriate outside agencies as defined in its [Data Protection Policy](#), (as available on the college website) or as required or permitted by law. If the college concludes that a fraud has taken place it is entitled to cancel my application, withdraw any offer of a place and to terminate my student status and registration on my *programme of study*. I also note that in such circumstances I will be charged for the tuition I have received per the [HE Fees Refund Policy](#) of the College (available on the college website).

At the request of the college I shall provide such further information or documentation as may be requested in relation to my application or my student status.

14. STUDENTS STUDYING AWARDS VALIDATED BY A PARTNER UNIVERSITY

Students following university validated *programmes* taught at the college are required to conform to the university's registration process.

Students are subject to the disciplinary regulations of the college. However, it is the university's academic rules and regulations (which are available on the university websites) which apply to all academic matters (including academic misconduct).

15. STUDENT COMMUNICATIONS

I note that the college will channel all formal student communications through my college student email account which could include information about tuition *fees*, registration, examinations and notification of formal results. I note that my college student email account will be terminated three months after I leave the college.

I understand that important announcements and information will be broadcast on the college Student Portal. You are advised to check the college Student Portal on a regular basis to keep yourself informed on college matters.

16. INTERNATIONAL STUDENTS

I understand that the classification for payment of International student tuition *fees* will be determined in accordance with The Education (Fees and Awards) Regulations 2007 and The Student Fees (Qualifying Courses and Persons) (England) Regulations 2007 and any subsequent amendments, or replacement regulations.

If applicable, I understand that it is my responsibility to ensure that I have obtained all necessary immigration clearances to complete my studies at the college and am in receipt of an appropriate visa for the purposes of study on a *programme*.

If I am supported by an *approved sponsor* I shall provide full details and verification at registration. I understand that my *approved sponsor* will be required to pay *fees* annually at registration. If I am not so supported, I understand that I am responsible for the payment of my own *fees*, which I shall pay annually at registration.

I understand that if I am refused the necessary immigration clearance to complete my studies, if I decide to withdraw from the *programme* or if the college loses its Tier 4 sponsor licence, the college

has the right to terminate my registration as a student on a programme of study¹. I also note that in such circumstances I will be charged for the tuition I have received as per the HE Fees Refund policy of the College included later in this document.

I understand that if I am not maintaining sufficient attendance to achieve satisfactory academic progress without notifying my *department*, the college reserves the right to withdraw my student registration on a *programme of study*. I also note that in such circumstances I will be charged for the tuition I have received per the HE Fees Refund Policy of the College (see later in this document).

18. HEALTH & SAFETY

I understand that the college provides a safe and healthy working environment for staff and students and ensures, so far as is reasonably practicable, that the college's activities do not adversely affect the health and safety of visitors and contractors. I am aware that the college [Health and Safety Policy](#) available on the college website and agree to familiarise myself with, and follow, the Health and Safety requirements and procedures of my programme of study from time to time in force.

19. EQUALITY AND DIVERSITY

I understand that the college values the diversity of its staff and students and I will agree to act in accordance with the [Equality and Diversity policy and Single Equality Scheme](#) available on the college website. I understand I have a responsibility as part of the college community to promote equality of opportunity, to help eliminate unlawful discrimination and to promote good relations between different groups.

I understand that the college monitors the implementation of its equality scheme and that providing the necessary equal opportunities information at registration, while not compulsory, will help this monitoring take place. This will also benefit policy development and action planning.

20. DISABLED STUDENTS

I understand that for the college to provide appropriate reasonable adjustments and guidance, I have a responsibility to declare at registration any disabilities or learning difficulties I may have.

I understand that any disability information is held and monitored by the learning support service. If necessary, this information will be shared with relevant College staff to enable them to provide advice, support and guidance.

I understand that if I have difficulties leaving a building unassisted in an emergency I will need to have a Personal Emergency Evacuation Plan (PEEP) drawn up at the start of my *programme of study* and at the start of each new *academic year*, so that suitable arrangements can be made for me. I understand that it is my responsibility to initiate the PEEP process by notifying the learning support service.

I understand that I am also expected to cooperate with the college on the implementation and the review of any arrangements, to report any problems which may arise and to provide information on changes to circumstances or my disability so that arrangements can be revised if necessary.

I understand that I may need to apply to Student Finance England for Disability Student Allowance (DSA) and that if my application is successful, support will be arranged and delivered by Randstad in co-ordination with the college.

The data in students' records will be used in anonymised form, primarily for statistical analysis by HESA. Information will not be used by HESA in a way that would affect individual students, and precautions are taken to minimise the risk of identification of individuals from the published and released data. Statistics are published per *programme of study* and *department* with no reference to name and student ID number. I may also be contacted about the longitudinal survey at a later date, but I am able to opt out of this if I wish at the time I am contacted about the DLHE survey. I understand that both surveys are voluntary to complete.

However, courses, College services and content of publications remain subject to change. Changes may be necessary to comply with the requirements of accrediting bodies or to keep courses contemporary through updating practices or areas of study. Circumstances may arise outside the reasonable control of the College, leading to required changes. Such circumstances include, industrial action, unexpected student numbers, significant staff illness (where a course is reliant upon a person's expertise), unexpected lack of funding, severe weather, fire, civil disorder, political unrest, government restrictions and serious concern with regard to the transmission of serious illness making a course unsafe to deliver. After a student has taken up a place with the College, the College will look to give early notification of any changes and try to minimise their impact, offering suitable alternative arrangements or forms of compensation where it believes there is a fair case to do so.

32. THE COURSE OFFER – WITHDRAWAL OF MODULES/UNITS

Wherever possible the College will make available the advertised modules/units to students. In the case of Pearson (Higher National) programmes where there are a very large number of potential optional units advertised in the programme specification, the most likely units to be offered will be described as set-out in 2.4 above.

It may not always be possible to make available the full diet of optional modules/units on a course because of changes in teaching staff availability, class size/group viability factors or timetabling constraints. Students will be advised of these changes at the earliest opportunity and when the modules/units might be offered at a future point.

33. WITHDRAWAL OF ADVERTISED PROGRAMMES

When a programme of study is advertised on the College website, UCAS and other published channels including the higher education prospectus, the College will always seek to honour unconditional or conditional offers to applicants. In exceptional circumstances the College may be obliged to withdraw an advertised programme. The specific circumstances that will give rise to the withdrawal of a programme of study will be limited to a) course viability b) staff availability c) serious concerns regarding course quality or d) the absence of approval by the external validating partner.

The College is mindful of the serious consequences of the late withdrawal of an advertised course for applicants and it is not a decision that will be taken without extremely careful consideration and as a matter of the last resort. Such a decision will require the approval of the College Senior Management Team after all other options have been considered. In order to be fair to applicants and their future study options, the College will seek to make decisions about whether to close entry to a course at the earliest possible opportunity. Such a decision will be taken at the no later than the end of the summer term and earlier whenever possible.

When a higher education programme of study is to be withdrawn from offer all course applicants will be contacted in writing. The reasons for the withdrawal of the course offer will be clearly described. If possible, applicants will be given an alternative course offer at the College. If there isn't a suitable alternative or the student does not wish to take up the offered alternative, the College will endeavour to arrange a transfer to another suitable course at a neighbouring college or higher education institution. If the student has applied through UCAS, the student will be released to make an application elsewhere

34. END OF VALIDATED PROGRAMME

On rare occasions a higher education course with enrolled students may become no longer available. This could occur because: -

- a) the validating HEI partner has decided to cease to provide the validation for that course
- b) the College has decided to cease offering the course
- c) The College has decided to change the validation arrangements for the course

When a course is to be closed to new applicants, arrangements will be put in place to continue to deliver the course to continuing students until they have exited their programmes i.e. 'Teach out'. So that this process can be managed efficiently teaching will continue to be offered until the last cohort of students would normally have completed their course i.e. at the end of the third year for a three year degree programme. So that students who may have interrupted their studies because of properly authorised illness or deferral or who are retaking parts of a course are not unreasonably disadvantaged, 'teach out' will normally be extended by one further year i.e. 'teach out'+1 year.

When the validation arrangement for a course are to change and enrolled students have failed to complete their programme before the end of the 'teach out' or 'teach out + 1' arrangements, the College will endeavour to ensure that that any remaining continuing students can transfer to the new course. This will require the development of suitable 'articulation'⁵ arrangements to be agreed between the validating partners of the old and new course.

⁵ Where students are admitted to a course with advanced standing recognising prior achievement from another course.

35. SECTION C: FEES, REFUND AND COMPENSATION POLICY

All Higher Education students are responsible for all their fees and other charges. For undergraduates, in most cases, this will be funded by *Student Finance England (SFE)*. It is still, however, the responsibility of students to make the necessary application to SFE and to keep SFE informed of any changes. Please note that academic staff are not empowered to vary fees or agree payment schedules on behalf of the College. Students who have not paid their tuition fees by the due dates will be subject to sanctions and College debt management procedures.

WITHDRAWAL FROM A PROGRAMME OF STUDIES

This applies to all undergraduate and postgraduate students. Students who withdraw from their programme of studies or who have an agreed absence, remain liable for a percentage of the fees for the remaining academic year as set out below. Any students thinking of withdrawing should discuss this with their programme leader and Advice and Guidance.

1. Where the fees have been paid by the SFE, any refunds will be made direct to the SFE and not the student.
2. Where a student transfers to another course within the College, the fees paid for the original course will be transferred to the new course, subject to the rules set by SFE. Where the fee for the new course is higher than for the original course the balance of fees must be paid. There will be no partial refund if the fee for the new course is lower than the original course.
3. In the case of students who do not notify their programme leader (or Advice and Guidance) of their decision to withdraw, the date used for the official withdrawal date will be the date of the date of last attendance.
4. Where the course fees have been paid by a sponsor and the sponsored student leaves before the start of the course, the sponsor will be allowed to transfer the fees paid to a replacement student.
5. Applications for a refund of any fees for any other reason must be submitted in writing to the Deputy Chief Accounting Officer. All refunds must be approved by the Principal or her representative.

International Students

Refunds are not given to international students on a Tier 4 visa unless the student has approved extenuating circumstances (please refer to the extenuating circumstances policy on the student portal)

Non-Payment of Fees

It is the responsibility of the student to ensure that their fees are paid either by a student loan, personal payment or employer (sponsor) payment. If you fall behind with an instalment plan, your employer fails to settle their invoice or you do not provide the required evidence to enable your student loan to be approved, the College has the right to: -

1. Withdraw a student from their programme of study at any point;
2. Withdraw access to student facilities such as IT, printers and other services;
3. Not present the student's results to the Assessment (Examination) Board; and
4. Suspend the student from attending until the necessary steps have been taken to ensure that their fees are paid.

36. SECTION D: STUDENT WITHDRAWAL AND INTERRUPTION OF STUDY POLICY AND PROCEDURES

Help and guidance is available to students who are thinking of withdrawing or interrupting from study.

Withdrawal from studies is when you have decided to discontinue your studies at the college and are sure that you cannot or have no intention of returning to continue your studies in the future.

Interruption of studies means that you are either considering or intending to interrupt or suspend study for a specific period of time, but that you intend to resume studies with the college at a future date which has been agreed by the college and if appropriate, your programmes validating Higher Education Institution.

Students considering withdrawing or interrupting should read the information in this document to gain a full understanding of the process, the implications of withdrawal or interruption, and also for sources of advice and support should you wish to discuss your options with an adviser.

Should you decide to interrupt or withdraw you will need to complete the interruption and withdrawal process which is designed to ensure that you are properly supported in your decision. Students withdraw from the college or interrupt their studies for many reasons. Some students are unaware at the point they leave that there is a lot of help and support available from the college which may have enabled them to stay. Please take a moment and read through the support available below before you commit to withdrawing or interrupting, or call in to the advice and guidance centre for help.

37. WHO CAN I TALK TO ABOUT MY OPTIONS?

Student Welfare Service

The college has student welfare officers you can talk to if you are feeling lost, unsure or homesick. You can also make an appointment with a college counsellor located in room N17 directly or through the student medical centre (room N17).

Financial support

If you are experiencing difficulties with money you can make an appointment to see a student finance adviser. The adviser can help you plan your budget, see if there is additional funding available if you are experiencing hardship and explain the effect of withdrawal or interruption on your student support. The student finance team are based in the Learning Resource Centre.

Wrong course or programme?

Perhaps you feel you have chosen the wrong course or programme of study? Your Personal Tutor or Programme Leader can help you, or you may prefer to speak to a

careers adviser within the Advice and Guidance Team. It is worth remembering that academic and careers support are available before you make a final decision. The Advice and Guidance team are based in the Skills Park Reception

Academic advice including study skills

If you are struggling with the course the college can offer study skills advice in the Learning Resource Centre. If you have extenuating/mitigating circumstances that are impacting on your ability to study you can contact the Quality Office (room C87) for advice.

Please note: If you are planning to 'transfer' to another university there are limitations to the regulations governing students' entitlement to student support when transferring. You are advised to discuss these with your student support provider and [student finance](#) at the college.

38. IMPLICATIONS OF WITHDRAWAL

Once you have made the decision to withdraw and have completed the relevant form, your record will be deactivated. Your finance record will be recalculated in line with the college policy to determine the fee due for the period you attended for. The relevant dates and percentages of fee payable are available in the HE Fees Refund Policy (available on the college website).

Students in receipt of government student support packages

If you are in receipt of student support from Student Finance England or other regional equivalent, withdrawing from your studies has a number of consequences on your entitlement to student support.

We will notify your student support provider of your withdrawal. Upon reassessment of your entitlement, they will determine the appropriate tuition fee loan you are entitled to. The level of fee they will pay to us will depend on the date of your withdrawal. The college will not charge you a fee higher than the tuition fee loan entitlement.

You will also be reassessed in relation to your entitlement for maintenance loan and grants. If it is deemed that you have received too much support, you may be required to make a repayment as soon as possible. Any further support for the remainder of the year will be rescinded.

In addition, withdrawal would mean that, should you return to higher education in the future, you will be treated as a new student and will be assessed for the student support package available in the year you re-enter education, this will include the relevant new entrant fee. Furthermore, you will be assessed as having already utilised some of your student support entitlement which could affect the level of support you receive in the future. Guidance is available from the [student finance team](#).

Students who are self-payers or employer-sponsored

Upon submission of the relevant form, we will recalculate the fee due for the period of attendance. We will determine whether the account is settled, whether there is a refund due or whether there is still an outstanding balance. If the account is settled there will be no further action for you to take. If there is a refund due we will repay the funds in line with the college's HE Fees Refund Policy, however if there is a balance due, you or your employer/sponsor will be required to make the payment as soon as possible to clear the account. Please note monies not paid by an employer/sponsor remain the liability of the student.

In addition, withdrawal would mean that should you return to higher education in the future, you will be treated as a new student and will be required to pay the new entrant rate tuition fee for the year of your return.

Government Means Tested Benefits

Students that withdraw from their studies are no longer considered students and so you may be eligible to apply for government means-tested benefits depending on your personal circumstances and you should check with the appropriate benefit office. Advice and information is available from the [student finance team](#).

Implications for your visa (Tier 4 students)

If you are a Tier 4 student, withdrawing or interrupting from your studies has implications for your visa. The college is required to report to UK Visas and Immigration (UKVI) if a Tier 4 visa student discontinues their studies, even if this is temporary. Students are expected to return home as UKVI will curtail the visa. To ensure your withdrawal/interruption complies with college and UKVI regulations you are required to make an appointment with the Student Finance Team, Learning Resource Centre. To make an appointment you can either call in person, or telephone 020 8394 3033.

We also recommend you book an appointment with a Student Finance Adviser in the Learning Resource Centre for advice about your immigration status.

E-mail

Your college e-mail account will be terminated once we have processed your withdrawal.

College Student ID card

Your college ID card must be handed in to the Advice and Guidance Centre when you leave the college.

Library

You must return all books on loan from the library and pay any fines that are due

Student Oyster Card

If you have a student discount Oyster card then Transport for London (TFL) will be informed that you are no longer a student, and the card will be made invalid by TFL.

39. WITHDRAWAL PROCESS

After taking all this into consideration if you feel you still need to continue with withdrawing from your programme of study, you should discuss it with your personal tutor and you must complete the withdrawal form below giving your details and the reason(s) why you wish to leave.

Note that students studying for an award of a validating Higher Education Institution (e.g. Kingston University, University of Greenwich) must also complete the withdrawal process with that institution (available on their websites).

IT IS VERY IMPORTANT THAT YOU DO MORE THAN SIMPLY STOP ATTENDING.

40. IMPLICATIONS OF INTERRUPTION

When should I return to study?

You would normally be expected to return to your studies at the start of the next academic session. If you require an extension to your period of interruption i.e. for another academic year, you should seek advice from your personal tutor or your programme leader to see if this is going to be permissible, your student support provider and student finance at the college as this may affect the type of student support that you are eligible for and the rate of tuition fee that you are required to pay.

Once you have made the decision to interrupt your studies and have completed the interruption form below, your record will be suspended. Your finance record will be recalculated in line with the college policy to determine the fee due for the period you attended for. The relevant dates and percentages of fee payable are available in the HE Fees Refund Policy (available on the college website).

Students in receipt of government student support packages

We will notify your student support provider of your interruption. Upon reassessment of your entitlement, they will determine the appropriate tuition fee loan you are entitled to. The level of fee they will pay to us will depend on the date of your interruption. The college will not charge you a fee higher than the tuition fee loan entitlement.

You will also be reassessed in relation to your entitlement for maintenance loan and grants and future payments will be suspended. If it is deemed that you have received too much support, you may be required to make a repayment as soon as possible.

Upon your return to your studies you would normally be entitled to receive the same student support package that you were in receipt of prior to your interruption. This would include your tuition fee rate. You will however, be assessed as having utilised a year of your student support entitlement. You would normally be expected to return to your studies at the start of the next academic session. If you require an extension to your period of interruption i.e. for another academic year, you should seek advice from your personal tutor or your programme leader to see if this is going to be permissible and your student support provider and student

finance at the college as this may affect the type of student support that you are eligible for and the rate of tuition fee that you are required to pay.

If you are in receipt of student support from Student Finance England or other regional equivalent, interrupting from your studies has a number of consequences on your entitlement to student support.

Students who are self-payers or employer sponsored

Upon your return to your studies you would normally be entitled to continue to pay the relevant fee band you were paying prior to your interruption. You would normally be expected to return to your studies at the start of the next academic session. If you require an extension to your period of interruption i.e. for another academic year, you should seek advice from your personal tutor to see if this is permissible.

Upon submission of the relevant form, we will recalculate the fee due for the period of attendance. We will determine whether the account is settled, whether there is a refund due or whether there is still an outstanding balance. If the account is settled there will be no further action for you to take. If there is a refund due we will repay the funds in line with the college's HE Fees Refund Policy. If however there is a balance due, you or your employer/sponsor will be required to make the payment as soon as possible to clear the account. Please note monies not paid by an employer/sponsor remain the liability of the student.

Government means-tested benefits

Students that interrupt from their studies are considered to still be students and so are not eligible to apply for government means-tested benefits, unless there is already an underlying eligibility for example, some single students with children. If you are considering interrupting for financial reasons it is imperative that you seek advice from student finance at the college.

Implications for your visa (Tier 4 students)

If you are a Tier 4 student, withdrawing or interrupting from your studies has implications for your visa. The college is required to report, to UK Visas and Immigration (UKVI) if a Tier 4 visa student discontinues their studies, even if this is temporary. Students are expected to return home as the Home Office UKVI will curtail the visa. To ensure your withdrawal/interruption complies with college and UKVI regulations you are required to make an appointment with the Student Finance Team, Learning Resource Centre. To make an appointment you can either call in person, or telephone 020 8394 3033.

Implications for your finances

Upon submission of the relevant form, we will recalculate the fee due for the period of attendance. We will determine whether the account is settled, whether there is a refund due or whether there is still an outstanding balance. If the account is settled there will be no further action for you to take. If there is a refund due we will repay the funds in line with the college's HE Fees Refund Policy. If however there is a balance due, you or your sponsor will be required to make the payment as soon as possible to clear the account.

E-mail

Your college e-mail account will be terminated once we have processed your withdrawal.

College Student ID card

Your college ID card must be handed in to the Advice and Guidance Centre when you leave the college.

Library

You must return all books on loan from the library and pay any fines that are due

Student Oyster Card

If you have a student discount Oyster card then Transport for London (TFL) will be informed that you are no longer a student, and the card will be made invalid by TFL.

Interruption of study process

After taking all this into consideration if you feel you still need to continue with interrupting your programme of study, you should discuss it with your personal tutor and you must complete the interruption of study form below giving your details and the reason(s) why you wish to interrupt. Note that students studying for an award of a validating Higher Education Institution (e.g. Kingston University, University of Greenwich) must also complete the interruption process with that institution (available on their websites).

IT IS VERY IMPORTANT THAT YOU DO MORE THAN SIMPLY STOP ATTENDING.

41. COMPENSATION POLICY

In a very small number of exceptional cases it may be necessary to withdraw the offer of a place on a higher education course. The circumstances that could give rise to this situation include: a) course viability; b) staff availability; c) serious concerns regarding course quality; and d) the absence of approval by the external validating partner. Section 33 describes the steps that the College will take to mitigate the possibility of such a situation arising.

Where it has not been possible to provide suitable alternative arrangements and as described in the Student Protection Plan (SPP), the College will consider the provision of compensation in respect of maintenance costs and lost time where it is not possible to preserve continuation of study and/or tuition fees and maintenance costs where students have to transfer courses or provider and these are not otherwise provided for by the usual arrangements. Such requests for compensation are made on an individual basis by writing to the Academic Registrar at the College address.
